

URL for this RFP - <http://tinyurl.com/y6qlus7r>

The New Albany School district is requesting proposals for a comprehensive camera and entry security equipment plan. We want full coverage of video outside of all 5 of our campuses and coverage of all hallways and public spaces inside our buildings. This RFP will not include classrooms. We also want a comprehensive entry product to go on doors. This will allow our teachers to enter and exit the buildings without a key but instead with either an ID badge or biometric fingerprint scanners. (Please provide both the option for ID badge or Biometric if you have the capability).

We have 5 campuses or buildings in our district.

1. New Albany High School
 - a. 201 Hwy 15 N. New Albany, MS 38652
2. New Albany Middle School
 - a. 400 Apple Street. New Albany, MS 38652
3. New Albany Elementary School
 - a. 874 Sam T. Barkley Drive. New Albany, MS 38652
4. New Albany, South Tippah, Union County Behavior management centers
 - a. 915 Denmill Rd New Albany, MS 38652
5. New Albany School District Central office
 - a. 301 Hwy 15 N. New Albany, MS 38652

Tech Spec's

We want the end-user software to be user friendly and it must work on both Mac and iOS devices.

Camera's

We want 1080 HD cameras in all spaces.

In some spaces we have available ports on switches but in other areas new switches will need to be purchased and installed. It is the vendors responsibility to assess how many additional switches will be needed and where. We currently have Brocade switches and would like to keep using Brocade if additional switches are needed.

Entry

We would like electronic entry at certain doorways in our district. We will specify at the walk through. We are very interested in biometric entry but if the price is prohibitive we would also like options for ID badge entry.

Mandatory Walk through

We will have a mandatory vendor walk through of our entire school district on May 15, 2019. All vendors that plan to submit a bid must attend and cannot submit a bid without coming to the walk through. No Exceptions. This walk through could take up to 6 hours to walk the entire school district so please plan to be here for some time. Vendors will be given access to all network closets and campuses to complete the evaluation.

Bid Submissions

All bid submissions must be mailed. No email submissions will be considered. All bids must be physically received in a sealed envelope by 3PM on May 22nd.

Please mark on the outside of the bid packet "NASD Camera/Door Security Bid. % Robert Garrett"

Bids received via email will be discarded.

Questions

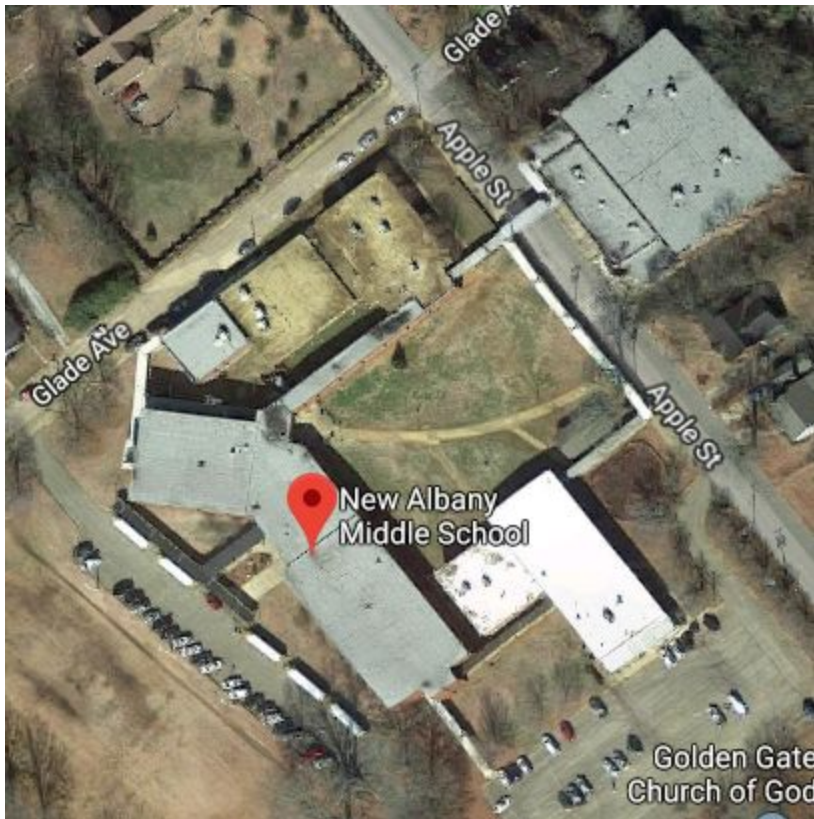

If you have any question please email Robert Garrett. rgarrett@nasd.ms

Any questions that are received by Mr. Garrett and their answers will also be added to this google doc so please check back to this link daily for additional information.
